

DOUBLE DUTCH

1996 SILVERTON 34 AFT CABIN MOTOR YACHT

POWERED BY
Twin Crusader 454 XL
Engines (700hp)

BUILDER
Silverton Yachts
New Jersey, USA

ACCOMMODATION
Sleeps 6, in two staterooms
and salon

LOCATION
Fairwinds Marina,
Schooner Cover, BC

The **Silverton 34 Aft Cabin** combines classic motor-yacht styling with an exceptionally spacious and practical layout. Designed to make the most of every foot, its distinctive aft-cabin configuration provides generous accommodations, comfortable living areas and excellent separation between sleeping spaces—making it equally suited to weekend cruising or extended time on the water.

With commanding views from the elevated helm, inviting exterior entertaining spaces and a bright, welcoming interior, the Silverton 34 delivers the comfort of a much larger yacht in an easy-to-manage package. Solid construction, proven cruising capability and Silverton’s reputation for intelligent use of space make this a versatile boat for exploring the coast, entertaining family and friends, or simply enjoying life at the marina.

HEATING/COOLING	Electric heaters and air conditioning	USE	Coastal Cruising/weekends/liveaboard

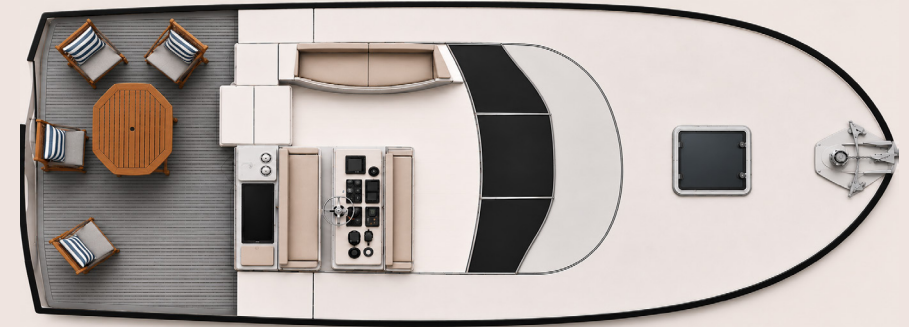

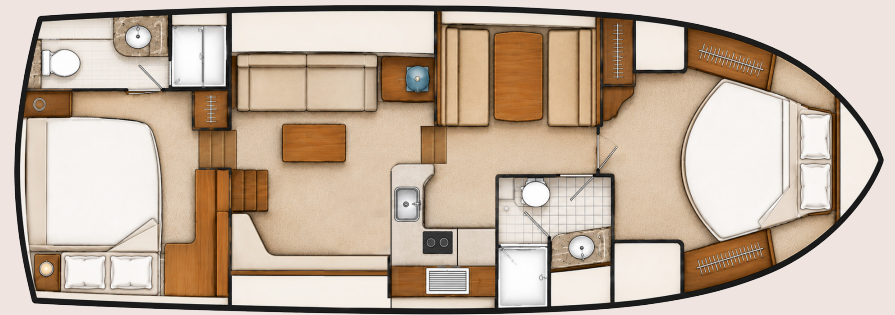

ACCOMMODATION & LAYOUT

Two staterooms, one forward and one aft, are complemented by two three-piece heads with electric-flush toilets. The well-fitted galley includes a fridge, electric stove, microwave, coffee machine, sink, and generous storage for dinnerware, cookware, and kitchen essentials. Sleeps six adults comfortably between the two staterooms and the dinette, which converts to a double berth suitable for a six-foot adult.

The aft-cabin layout gives Double Dutch an impressive sense of volume, with generous floor space and a comfortable flow for weekends away, extended cruising, or liveaboard use. The main salon is bright and private thanks to large tinted windows, with a double leather couch, smart TV, built-in entertainment cabinetry, air conditioning, recessed lighting, and ample storage for glassware and onboard essentials.

Two steps down, the galley is well arranged for life aboard, featuring a breakfast bar, sink, electric stove, microwave, and 110v/12v refrigerator. Newly laid flooring creates a fresh, clean feel through to the dinette, where newly covered bench seating and a large table comfortably accommodate four adults and convert to an additional double berth for guests.

Accommodation is especially strong, with a forward cabin offering a large double berth, smart TV, wardrobes, under-bed drawers, overhead hatch, and separate electric heater. Aft, the private master suite is the standout: a spacious double berth with hidden storage, mirrored closet space, wraparound counter, smart TV, generous hanging wardrobe, and its own private head with electric-flush toilet, walk-in shower, sink, cabinetry, and abundant storage.

Double Dutch is a well-loved cruiser, thoughtfully brought up to standard by the current owners, including recent haul-out maintenance and a complete engine overhaul.

Twin Crusader 454XL engines provide ample power to lift the vessel onto plane, with a comfortable cruising speed of 14 to 20 knots and a top speed of around 25 knots. For slower passages, Double Dutch cruises economically at approximately 7 knots. The port engine was completely rebuilt in 2026, and the starboard engine has been fully serviced for the cruising season. With her wide beam, she handles beautifully and feels stable even in rougher seas.

Double Dutch was last hauled out in May 2026 for external maintenance and antifouling. A buyer's survey from 2025 is available, and all listed equipment and furnishings are included with the vessel.

Well equipped, spacious and designed for comfortable coastal cruising, this Silverton 34 Aft Cabin offers an excellent combination of accommodation, entertaining space and proven performance. Whether exploring the coast for a weekend or spending an entire summer aboard, she provides everything needed to make the most of life on the water.

Offered for sale and ready for her next owner.
